Subject: Ford Motor Company FOI Common section - application for certification

Hi Joel,

This is a follow-up to our conversation a couple of weeks ago. I am trying to locate Ford's 2013 & 2014 FOI Common files which supports their various MY applications. I cannot seem to locate that file anywhere on EPA's public site (Document Index System). I did do a search for "common" on DIS as you suggested and didn't get any hits for a recent model year Common for Ford. The last one posted on EPA's site is a number of model years back.

Do you know if this is in fact publicly available, and if so where I would go to get it?

Please let me know if I'm overlooking something and it is out there already.

Thanks.
